Tanbridge House School
A Specialist Science, Mathematics &
Computing College

January 2012

Dear Applicant

Thank you for expressing an interest in this exciting post of Teacher of Food Technology at Tanbridge House School.

There could not be a more exciting time to consider joining Tanbridge House School. In August 2011 we achieved our best ever results - achieving school records for 5+ A* to C (89%) and crucially 5+ A* to C including English and Mathematics (65%). We are also heavily oversubscribed and community confidence is at its strongest in recent memory.

Over the past two to three years the Food Technology department has been hugely successful and this has been reflected in our results and through the development of our teaching and learning. The department itself is superbly resourced, with very spacious classrooms to work in.

We have great teaching talent at all levels of the school and we are assisted by a superb support staff team who work tirelessly to keep our school moving forward. All members of the school community know that I intend Tanbridge House to become an outstanding school.

Please use the information provided and your own expertise to complete the standard application form and supporting statement (two sides A4 font 11-12) **using the following headings:-**

- Background and educational beliefs
- Current experience and evidence of suitability
- How you will support our aspiration to become “outstanding”

Visits to the school are actively encouraged.

If you have the passion and desire to be successful, coupled with a good sense of humour and effectiveness under pressure, come and join the team and me for a brilliant journey at Tanbridge House School.

Yours faithfully

Jules White
Headteacher
