This course is targeted at students who seek entry to employment via vocational programmes and will complement a single science option. The course can be taken at Level 1 or Level 2 and is equivalent to a full GCSE.

The course aims to complement the more traditional GCSE subjects and will help students prepare for employment. Through this course, they will develop an understanding of the following:

- Business structure including working conditions
- Rights and responsibilities at work
- Economic and Financial Aspects of Life including VAT returns and basic accounts
- Communication
- Health & Safety at work
- Labour markets
- Job applications (letters, application forms, CVs)
- First Aid at work
- Healthy Lifestyles for a work - life balance
- Personal Employability
- Enterprise Capability

Successful students will have been assessed and deemed competent in the following areas:

In addition, all students will complete the Young Lifesaver Award 1, 2 and 3 (assessed by St John's Ambulance)

Students who are considering this course will need to speak to Mrs Smale.

Year 10	Year 11
70% written paper (externally assessed) 30% coursework (internal assessment)	80% written paper (externally assessed) 20% coursework (internal assessment)

In addition, all students will complete the Young Lifesaver Award 1, 2 and 3 (assessed by St John's Ambulance)
